

CHILDREN & WORLD

The whole world gives great importance and focus on the 4 skills during education periods of children in the schools. Developed countries have arranged many educational Institutes for such education & skills to learn more & deeply for children development in their studies. But unfortunately in Pakistan, children of the rich have all facility of the education in high standard schools.

Poor, needy & low income people cannot send them to good schools. They cannot afford such education and training. Leaders, teachers and ministers are helpless to put into action such a project for needy children's education.

The children of the lord are those rejected and ignored from such training and skills that needed to get an opportunity to learn such skills at any cost for the betterment of their studies for their life's future. We need to train teachers, ministers, leaders and parents along with the children the necessary teaching and learning processes of education.

We need fervent prayer to help with such project and hard work. Volunteers without greed, full of zeal with the love for God's glory in Jesus name. All have big reward for doing such an awesome job for the children of the lord, Children (who are so lovely and dear to all) need help at once to be included regularly and permanently in our education centers. We need to work day and night to finance all types of help for these children. Thus achieving our goal to train people and teach the children in all aspects of life at any cost in the name of Jesus of Nazareth who is the only universal Savior. We will be happy to help and support in any way or shape to achieve this holy cause in the world especially in Pakistan for children. This project should be to train and teach without any religious hatred between children and other people too. We can achieve our holy goal through fervent pray and hard work forsaking any greedy ambitions. We should do this service as a work of the Lord and for the Lord free of charge to create peace, harmony and prosperity among all in society for glory of God in the name of Jesus of Nazareth. We will do this great holy job as concerning God's job as a commandment so in this way the Most-High God will bless us and prosper our lives also by serving in this project for children of the Lord. Through this holy cause directly or un-directly the preaching of God's word would be preached in a loving way without any reason or restrictions. The impact of Christ and His teaching will prevail.

In closing, we here are your brothers and sisters, part of your family along with the CRTV prayer team sharing your vision and projects. We are deeply praying daily for you, your family, work & ministry especial for this holy project called the children of the Lord. May God bless you richly. God is using you mighty way and we are grateful to God and thank you so much for your deep love and soft corner for Pakistan children and people too through your holy project here. We are looking forward to the lessons and articles soon to be sent to you for the new website "children of the Lord".
